*It says a lot that more than
125 doctors trust their
patients to our care...*

...and that's just this year.

EXPANDING OUR SCOPE OF REHABILITATION

AT FAMILY PHYSICAL THERAPY and Sports Center, P.C., our staff is committed to providing excellence in rehabilitation to all our patients. Our recent opening of an additional clinic has allowed us to provide a comprehensive rehabilitation setting.

WE WILL OFFER a broad spectrum of rehabilitation with experienced therapists highly trained to meet the specific needs of each patient. Our new clinic will include physical, occupational and speech therapists. Each of who are committed to the multidimensional needs of each patient.

OUR NEW CLINIC will specifically focus on:

- Balance and Mobility
- Pediatrics
- Neurological Rehabilitation
- Vestibular Rehabilitation
- Women's Health
- Speech Therapy
- Occupational Therapy

ALL OF OUR CONVENIENT locations will continue to offer rehabilitation services for sports injury, spine and neck injury, pre and post surgical as well as work injury management.

COMPASSIONATE CARE FIRST

ABOVE ALL, Family Physical Therapy will continue their intense dedication to providing compassionate, personalized attention to each patient

WE REALLY CARE about our patients and listen to their concerns. It's something we're proud of and are dedicated to continue.

OUR PATIENTS WILL NEVER FEEL RUSHED or confused about their treatment because we go the extra mile in getting to know and understand each and every one. We teach our patients about their conditions, their options, how to take better care of themselves and how to avoid re-injury. Each patient's treatment is tailored according to their individual needs and expectations.
